WHY MOLI

Meet Moli, the ultimate choice for resin bound surfacing projects. Find out why you should trust Moli to transform your driveway, path or patio.

MOLI'S STORY

Our journey in the resin bound industry started over a decade ago when it was only just beginning to gain popularity. We soon discovered that the industry was lacking in terms of reliability and quality workmanship.

Therefore, we made it our mission to ensure homeowners were receiving resin bound products and installation of the highest quality.

To do this, we started a resin bound production and installation company that thrives on providing first-class workmanship from start to finish.

From perfect patios to dream driveways, we offer bespoke resin bound surfacing that comes in 24 different colour blends and gives homeowners an option to transform their outdoor space into a functional and beautiful space to spend time in.

WHY CHOOSE US

Choosing Moli for your resin driveway, patio, or pathway is the best decision you could make. Our products are renowned across the UK and are second to none, and our customers have come to expect a level of quality that they will not get elsewhere.

Market Leaders

Not only do we utilise the latest innovations in the resin bound and resin bonded industries, but we also have over a decade of experience behind us.

UK Made

Our supplier serves the UK's top resin products to their network of contractors, supporting business closer to home.

Best Installation

We are an approved company to install top quality aggregates & resin through stringent assessed procedures.

Quality Materials

All our resin surfaces are superior in quality to others on the market, so you can expect a hard-wearing, incredibly stylish, and high-quality finished product.

10-year Guarantee

For your peace of mind and so you can feel confident in the quality of your new resin surface, it comes guaranteed for 10 years.

HICS Accredited

As a member of the Home Improvement Consumer Protection Scheme (HICS), we offer insurance-backed guarantees, giving you additional protection for your resin surface.

Finance Available

To spread out the cost of your resin driveway, patio, or pathway, take advantage of our competitive finance options.

Customer Service

Customer service is at the heart of everything we do. We pride ourselves on providing the best service for our customers every step of the way.

Moli Group Ltd. is authorised and regulated by the Financial Conduct Authority FRN 939283. We act as a credit broker not a lender and offer finance from a panel of lenders.

OUR GUARANTEE

We know how important quality, confidence and peace of mind is to you. Due to full confidence in the performance of our resin, we offer a lifetime colour guarantee.

Peace of mind

Ensure peace of mind when you choose a resin that offers zero degradation in colour over the years. Our lifetime colour guarantee stops you from worrying about colour changes to your driveway, pathway or patio over the years.

Certificate

We will issue you the lifetime colour guarantee certificate so you always have it available. It is an automated certification produced upon completion and sent to you digitally. You can also request a printed copy sent by post.

Free

Our guarantee comes as standard to all installations and does not cost a thing. Enjoy the benefits of our lifetime colour guarantee completely free of charge and rest assured that your driveway, path or patio won't change colour.

*Lifetime Colour Guarantee T&Cs: This guarantee is to certify that we can offer the full level of certification for zero degradation of the colour in the product we install, applicable to Resin Bound UVR Pro only. Resin Bound UVR Pro must be installed in accordance with quality standards and specifications. Colour damage or staining caused by dirt, debris, chemicals, solvents, fuels or anything external to Resin Bound UVR Pro, is not covered. This guarantee covers only the polyurethane UV stable resin and does not cover mineralogical variations in the aggregates, (including rust spotting), in the stone which may change the cosmetic appearance of the aggregate. Our guarantee does not cover surface changes due to natural weathering. Aftercare and maintenance of the resin bound surface should be followed thoroughly. This guarantee does not cover the workmanship and the installation of your resin bound system. The guarantee is subject to our standard terms and conditions of sale found on our Moli website www.moli.co.uk. This guarantee is non-transferable. The lifespan of our Resin Bound UVR Pro is 15 years.

BESPOKE DESIGNS

Add the ultimate kerb appeal

Here at Moli, we want to help you design your own individual style to your home and grounds, using the colour palettes we have, but creating a bespoke finished product.

For each project we undertake, we colour match your home or are guided by the colour of your choice.

We can add individual finishing touches that are as unique as you.

From our range of edgings, colour created patterns or even your house number written into your drive, you will find our customer service and attention to detail is second to none.

“ Choosing Moli for our driveway project was the best decision. They completed the work quickly and kept us updated and informed throughout the whole process. Our new driveway looks fantastic and we've been receiving many compliments not only from friends and family but from strangers as well.

MOLI MAKEOVER

Jazz up your outdoor space!

If you're looking to freshen up your driveway, patio or garden paths without a full excavation, then Moli makeover is the way to go.

Provided you have a sound base such as tarmac or concrete, it may be possible to install a resin bound surface on top of it. This will not only rejuvenate the outdoor space but will also help you save money on the project.

Compared with the resin installation where the base is replaced, the makeover project is tidier and can be completed in as little as two days.

You will still enjoy the same benefits of resin bound surfacing including slip resistance, a touch of colour, quality materials, UV resistance and easy maintenance.

To see if your property qualifies for the makeover, get in touch with us.

WHY RESIN

Resin bound surface has many benefits and is a popular choice among homeowners. Let's dig deeper why that is.

WHY RESIN BOUND

The stylish solution for any property

A resin driveway is the perfect way to create a stylish transition from the street, instantly adding that wow factor to your home. No matter how big or small your driveway is, the resin bound surface is guaranteed to make a big impact. It requires minimal maintenance and thanks to its permeable features, you can say goodbye to puddles. Now that's what we call drainage!

Water permeable

Eco friendly

UV resistant

Quality materials

Bespoke to you

A touch of colour

More reasons to choose a resin driveway

Ultra-durable, easy to maintain and available in a smart finish to suit your home, why wouldn't you want a resin driveway added to your property?

DREAM DRIVEWAYS

Be the envy of your neighbours

Resin surfacing from Moli could be the touch of class that you need for your property to stand out and draw the eyes of those around the neighbourhood.

Available in a diverse range of colour finishes (pages 26-31), no matter how unique your tastes, when you opt for resin surfacing, it's easy to find something to suit them.

Finishes are created by creatively mixing a selection of stones that have been sourced from some of the UK's leading quarries, resulting in rich and textured blends that add tons of character and depth.

Stick with a single finish or combine with others, creating a design that is chosen by you but installed bespoke to your home by us.

PERFECT PATIOS

A space for family, entertaining, unwinding

Resin patios are the perfect way to get more from your outside space. A stylish area to sit and soak up the sun alone or with guests, a resin bound patio from Moli might be just what your garden needs to bring everything together.

A resin patio can house your perfect outdoor entertainment area, or maybe

you've become fed up with the ongoing maintenance required with a lawn, so you're looking for a low maintenance but attractive alternative.

With its design coming tailored to your exact requirements by a member of Moli's esteemed installation network, whether your requirements are practical, aesthetic or both, a resin patio from Moli can fulfil them all.

PRISTINE PATHS

With our bespoke resin walkways

A resin walkway could be the finishing touch that your property needs. Create that beautiful transition from the street to your home, an attractive pathway to guide you and any guests around your back garden, and much more.

If your garden is home to an array of stunning flower beds, define them with a resin walkway and bring them to life, all whilst keeping foot traffic away

from the lawn.

For those who love to be creative with their outdoor space, the bespoke nature of a walkway from Moli means it can tie in perfectly with any grand design plans you might have. So, why not walk towards a great impression today?

COLOURS

Whether you are a fan of modern or classic tones, you are sure to be spoilt for choice when it comes to our colour palette.

NATURAL

A warm welcome home

Brown, tan, and beige hues are warm and inviting, but they also complement the exterior of most properties extremely well. So, it's no wonder these earthy tones are extremely popular with our customers.

Majestic

Tuscan

Jurassic

Cornfield
